To Blue Oak Project owners:

I have been a member of the staff at the Arnold AFB Fitness Center since 2002. Over this period of time I have observed various construction groups as they worked on our facilities in numerous capacities. Greg Plattenburg and crew have been such a delight to observe. They maintain excellent communications with us as they work to deliver services with the least impact on our customers. It is obvious they work with a spirit of excellence. They clean up as they progress and handle themselves with professionalism. When they need something, they make requests followed with appreciation for assistance. An outdoor project such as the walkways, awnings and landscape are delicate areas to work alongside heavy volume pedestrian traffic. Their attentiveness to our customers throughout the day is valued. Please pass this note of appreciation on to your Blue Oak Project members.

Sincerely,
